Cynthia, I have scheduled this for Thurs, Nov 29th at 1PM. Waiting for responses but looks like everyone can attend with the exception of Rommel. John and Rick are at the Lower Duwamish Meeting downtown, this morning. Thanks for the tickler.

Marcia, is this group scheduled to meet again very soon (with me)? I think I mentioned it earlier, along with the request to meet with John, AJ and Christa; but if not, this is the list of people that I do need to meet with. Thank!

Tomorrow (Thurs, 10/25) at 1:00 p.m., Room 124, Marcia has scheduled a meeting at my request to discuss the Duwamish Superfund designation and some steps we need to take here at the Airport. I can't tell from the invitees who've responded precisely who was invited, and Marcia is already gone. So I wanted to be sure you all have been invited and (hopefully) will be there.

Please let Marcia know if you can NOT attend.

[Marcia: I apologize if the list is the same as yours, but I heard that some people didn't hear about it yet. If there's anyone you also invited that I didn't, it was my oversight, they are still expected!]

Thanks, everyone.
